MOOD BOARD

Saas App

Billing, inventory, accounting and GST for FMCG distributors in India. Calm, fast and trustworthy on a field salesperson's phone.

AC Workspace

Offline-first PWA · Multi-tenant · GST-ready

FEEL

Clear. Dependable. Quick.

Practical. Honest.

A working tool, not a showpiece. Plain labels, thin borders, one confident blue, and generous touch targets for use on the road, with or without a signal.

ICONOGRAPHY · LUCIDE, 2PX STROKE

PRINCIPLES

Outline icons only, always paired with a text label in navigation. Blue when active, slate when idle.

01 The server is the source of truth, so the UI shows what is real.

02 One thin outline, one blue. Colour means state, never decoration.

03 Phone first: one-line action rails, big targets, no hover-only controls.

04 Offline is a normal state with a visible badge, not an error.
